Brothers and Sisters,

I want to personally thank everyone for their support for the upcoming Fraternal year. Todd and Yvonne had a stellar year and I am looking forward to continuing their momentum moving forward. The Madam Auxiliary President and I are discussing a multitude of ideas and we are looking forward to working with each other as well.

The FOE State Convention is fast approaching (June 22-23 – Staunton, Va.)!! We look

forward to many of you joining us at the convention and want to wish everyone safe travels. Also, for those of you who can make the journey, the 2018 International Convention is scheduled for July 9-12 in Dallas, TX. There is information for both of these conventions on our website under events.

Please visit the website for our Aerie @ www.eagles3204.com and become familiar with the different pages and information.

This is definitely a work in progress, but I am pleased with the efforts thus far.

Again, Thanks for Your support and remember –

"if you are not part of the solution, you may be part of the problem!!!!"

Until next time,

Bill Singleton
Aerie 3204 Worthy President

From the Auxiliary President

I was driving to Pennsylvania one day last month. It was late in the afternoon and I was stuck in traffic behind an accident on I-95. I found myself thinking about what I want to do with I grow up, and many of you that know me would definitely agree that I haven't come close to being a grown up. There are a ton of clichés that float around about deciding on a "career". "Do what makes you happy" or "Do something you're good at". The best one is "Pursue your Dreams!!"

I have a problem with those though. What if what makes me happy, (shopping) or what I'm good at (wine tasting) would leave me in poverty? Or better yet, what if my dream is to be a professional singer? Just because your passionate about something doesn't mean that you are

necessarily good at it.

But what if we encouraged ourselves and each other to **Pursue Our Purpose?**

Think of the good we could do. The motto we use is "People Helping People". It's not just a saying, it's a purpose. Helping each other, and those around us, is a quite noble pursuit.

With Father's Day just around the corner, consider the purpose of Fatherhood. Not just biological, but the psychological and emotional. Some Fathers look into the eyes of their child and immediately know their purpose. Other Fathers find fatherhood a very daunting journey.

But no one can dispute that Dear Old Dad is vital to the stability of home. One Princeton study revealed that boys raised apart from their fathers

were 2-3 times more likely to be arrested before they turn 30. And young girls were 5 times more likely to end up as teenage mothers.

So this is an enormous "THANK YOU" to all the Dad's out there that have been nurturing and tough, supportive, encouraging, and to those that instill a sense of wonder and curiosity. You could be a Dad, a step-dad, a foster dad, or a Granddad. We salute you.

If you are lucky enough to still have your Dad, take time to see him or call him. Even if it's when you are sitting in traffic on I-95.

Debbie Hall
Madam President
